

Advantage Dental

From DentaQuest

Policy Name: Referrals	Policy Number: PL049-Referrals-CARE
Type of Policy: DCO	Effective Date: 07/10/2013
Responsible Department: Plan Operations	
Page Number (s): 2	Revised Date: 05/20/2019
Approved By: Clinical and Credentialing Sub-Committee	Approved Date: 07/17/2019
PURPOSE: To establish the Dental Care Organization's (DCO's) policy for submitting, reviewing and processing referrals for treatment.	
REFERENCES: 42 CFR 438.100; 42 CFR 438.210; OAR 410-141-3225; OAR 410-141-3240	
<p>POLICY:</p> <p>All referrals from a Primary Care Dentist (PCD) will be submitted to the DCO for approval before referring an enrollee to a specialist.</p> <p>All referrals will be submitted using the ADIN system (for details on how to submit a referral please refer to the pre-authorization, referral, case review instruction manuals).</p> <p>The DCO will review the referral and, when approved or denied, notify the PCD. If the referral is denied because a service is not covered, the PCD will be notified electronically and the enrollee will receive a Notice of Adverse Benefit Determination (NOABD). See Notice of Adverse Benefit Determination policy.</p> <p>The PCD office will forward the approved referral to the specialist using the ADIN system. Once the specialist receives the referral, the specialist will schedule an appointment with the enrollee. The completed referral form sent to the specialist will include the following:</p> <ol style="list-style-type: none"> 1. The date; 2. Recipient ID number; 3. Enrollee's name, address and telephone number; 4. Nature of the problem; 5. Reason for referral (reason PCD cannot perform the services themselves); 6. Diagnostic tests or x-rays that have been done; and 7. Chart notes <p>Once the enrollee has been seen by the specialist, the specialist will fill in the Actual Services Rendered portion of the referral and mark the referral as "Treated". The referral report will then be sent back to the PCD. The PCD will review this report, take any necessary action, and document the report in the enrollee's chart.</p> <p>Referrals will be recorded in the DCO's database and, when the specialty claim is received, the referral database is checked to ensure that the referral and report are completed and approved. In order to pay a specialist claim, the DCO must have a completed and approved referral form and the referral report from the specialist.</p>	

If the specialist does not understand or agree with the referral from the PCD, then the specialist should call the PCD and request that the PCD change or amend the referral. The PCD should then copy and resubmit the original referral so that this change can be approved and documented in the database.

If an enrollee needs to continue to see a specialist, the PCD will write the referral as an open direct access referral, which is valid for one year. These types of referrals are utilized for people with Special Healthcare Needs. Upon expiration, the specialist will revisit the case with the PCD to determine if specialty services are still needed. If specialty services are needed, a new referral shall be submitted for approval.

Individuals or entities that conduct utilization management activities are not compensated in a manner so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee.
